

Police Roundup 25 Wetbacks in Drive Following Attack

Girl's Story Being Probed
By Federals After
Local Sweep

The alleged rape of a 19-year-old Grass Valley girl by Mexicans here Saturday night started a drive by local, county and federal officers Sunday which ended with the apprehension of 25 Mexican nationals charged with illegal entry into the United States and a probe of the charges made by the girl.

The latter told Constable N. F. Dolley and Deputy Sheriff Roy Waters that she was criminally attacked by a group of Mexicans near the Truckee River. Her screams brought neighbors and she was questioned by officers. She admitted being drunk, they said.

The drive the next day was headed by Sheriff Wayne Brown, assisted by Deputies Waters and Elmer Oates, all the members of the Truckee squad of the California Highway Patrol under the direction of Sgt. Ed Freeman and five U. S. immigration officers.

A number of the alleged illegal entrants were found in Southern Pacific bunkhouses and two were taken from the theater. None offered resistance.

Only one was married and he asked that his wife and children be allowed to accompany him, and this request was granted. The roundup concluded at 2 a.m. Monday morning and local officers agreed that the area is now—or at least was—completely free of "wetbacks."

The federal officers took their prisoners to Sacramento for further questioning regarding the story told by the Grass Valley girl whose name was withheld pending completion of the investigation.

MORE DRIVERS PAY FINES AS DRUNKS IN LOCAL COURT

The Nevada County coffers were swelled again last weekend when fines totaling \$840 were assessed against three drunk drivers, one reckless driver and a violator of the county sobriety ordinance, by Judge F. W. Wilson in the Truckee Judicial District Court.

James L. Miller, Sacramento, was fined \$250, Marion McKay, Sacramento, \$250 and John Udith of Grass Valley, \$200 on charges of driving while intoxicated. "Virgil Sams" was fined \$100 for reckless driving and Elden Scabee of Sacramento was assessed \$40 for being drunk.

Loyalton Softball Team To Play Here Sunday In Return Engagement

Sunday, July 25, the Loyalton softball team will have a return game with the Truckee Athletic Club at the local field. Truckee defeated Loyalton on July 15 in Loyalton by a score of 11 to 4.

The C.S.E.A. will meet the Sierra Pacific Power Company softball team this evening, playing to begin at 6 p.m.

Truckee Lions Club was victorious over the Reno Lions Club in a game held on Sunday, July 18, with a soaring score of 24 to 11. Howard Newsham, manager of the local telephone company was credited with pitching and hitting the local service club to a win.

SCHOOL LIBRARIAN LEAVES LOCAL JOB

Miss Jeannette Lawrence, who has been librarian of the Tahoe-Truckee Community Center Library for the past two years, has resigned her position, effective immediately, to accept a position in Kansas. To date no one has been employed to fill the vacancy.

Final Appeal Made As Fund Drive Nears End

John Finnegan, chairman of the current Cancer Fund drive, announced yesterday that it will close here on July 28. All those wishing to add their contribution before that time may contact him at the local bank.

Titus Host To Insurance Group at Local Picnic

Mr. and Mrs. Frank Titus were hosts to insurance agents and their families when the second annual picnic and business meeting of the group was held on Sunday, July 18 in Donner State Park.

Thirty-six enjoyed the event, arriving from a number of valley towns.

Towlers from South—

Tom and Joel Towler of Los Angeles are guests at the Mel Thornton and Don Sites homes here this week.

More Fish Planted, Airplanes Used To Stock Lakes In Area

Charles Osburn, president of the Truckee Outdoor Sportsmen, today reported that 5000 catchable sized rainbow trout were planted in Donner Lake yesterday by department of fish and game crews. Another 20,000 trout have been allocated for the same lake to be planted later, he said.

Allen F. Pollitt, assistant supervisor of fish hatcheries, announced that airplane planting started in the High Sierra Monday with drops being made in Plumas, Sierra, Nevada, Placer, Eldorado, Alpine and Amador counties.

The plants are being made from Beckworth airport near Portola and the Minden airport near Tahoe.

Approximately 1,000,000 eastern brook, rainbow and kokanee fingerlings will be released in eight or nine days of flying time. Airplane takeoffs are at 5:30 a.m. daily. All lakes are free of ice and will receive their allotment to provide fish for anglers who prefer the "back country."

Pollitt said planting in roadside streams and lakes is continuing as rapidly as present equipment and personnel will permit. Approximately 75,000 catchable rainbow have been planted in the Truckee area, he said.

Vaughan Leaves Quarantine Station

Robert Roth of San Pedro is expected to arrive here late this week to take over the duties of Orval Vaughan, chief clerk at the Truckee State Quarantine Station, who has been transferred to San Pedro.

Vaughan recently passed a promotional examination and is being sent to the port to get experience in that type of quarantine work, before getting an assignment.

Roth will move his family here in the near future.

Vaughan, who left Saturday to take up his duties at San Pedro, was prominent in local activities and will be greatly missed. He was secretary of the Rotary Club, secretary of the Truckee Outdoor Sportsmen and head of the important advertising and publicity committee of the chamber of commerce among other notable activities.

Mrs. Vaughan, who is employed here by Dr. Oliver Scow, Jr., will remain for the time being or until they locate a home in the South.

Vaughan expressed his regrets at leaving and asked to be remembered to all his many friends here.

Ticket Holders In Church Benefit Are Asked To Telephone Reservations

Father P. J. O'Neill today urged everyone who has tickets for the Catholic Church benefit dinner and show at Cal-Vada, Cal-Neva and North Shore Club to phone the resorts immediately to make their reservations. Those who have not yet purchased tickets should do so at once and then telephone as the benefit is slated for Sunday evening.

The three resorts are donating the dinners and shows to those having tickets. Cal-Vada will feature Joni James from 8 to 11; Cal-Neva will have Frankie Lane at 10 p.m. and there will be entertainment at North Shore starting at 8 p.m.

Father O'Neill said he was particularly anxious to have everyone telephone their reservations so that the clubs can make the necessary arrangements and avoid any unnecessary confusion.

Truck Over Bank

A big semi-truck, operated by Lyle McComb, 38, Columbus, Neb., went over the grade between Boca and Hirschdale at 1:45 this morning and the driver went to the Tahoe Forest Hospital with minor injuries. State Patrolman William Gautsche is investigating and may issue a citation for faulty equipment, since McComb told him his steering apparatus apparently failed. The truck was loaded with bulk corn.

Dr. Kase Leaving For Navy As New Physician Arrives

Truckee Doctor To Keep
Office Here Pending
Tour In Navy

Within the next three weeks, Dr. Sidney Kase is leaving for an 18-months tour with the navy and Dr. Ben R. King, Jr., is arriving here from Hobbs, N. M., about August 1st to take over Dr. Kase's practice.

This was announced this week by Dr. Kase, who said he was inducted into the navy this week and is reporting to the Oak Knoll Hospital at Oakland and expects to be assigned to a ship in the near future.

Dr. Kase will retain his home and office here, with Mrs. Kase and the couple's two children occupying the living quarters and Dr. King using the offices. Dr. Kase has been here about a year and has built up a large practice and is a member of the medical staff at the Tahoe Forest Hospital. His many friends will regret his leaving but will be pleased to know he will return after serving his tour of duty.

Dr. King will bring his family. Mrs. King and their three children, Robert, 5, Ben, Jr., 2½ and Jean Ann, 10 months.

The new doctor comes highly recommended being a graduate of the University of Texas Medical School following attendance at the North Texas State Teachers College at Denton. He interned at the Detroit Receiving Hospital and for the past two years has been practicing at Hobbs, N. M.

Dr. King was here during the weekend and after an inspection of the facilities at the Tahoe Forest Hospital gave up two other locations which he had considered to come here.

During World War II, Dr. King served in the Third Division Infantry for three and a half years, during which time he was assigned to combat duty in Italy.

Firpo Home To Be Scene Of Wyethia Club Annual Silver Tea On July 30

The annual silver tea of the Wyethia Club will be in the attractive garden of the Gateway Park home of Mr. and Mrs. I. Firpo Friday afternoon, July 30th between the hours of 2 and 4:30 p.m. Mrs. P. G. Friday, northern district president of the Federated Women's Clubs, will be an honored guest.

Vocal and instrumental music will be heard during the afternoon and past presidents and present officers will be hostesses at the affair. Charter members have been asked to pour, according to Mrs. Fred Pedley, president of the club.

The women's club members from Tahoe City and Kings Beach have been invited to attend.

Wolert Shows Pictures At Lions Club Session

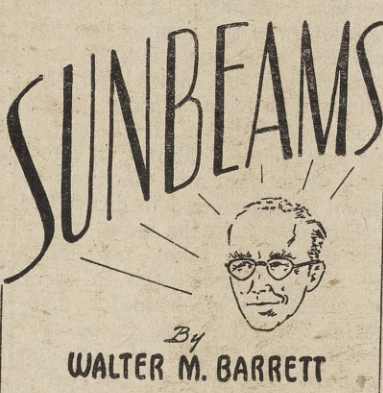

Pictures taken during his recent European trip and others equally as interesting taken nearby, were shown at the meeting of the Lions Club at Donner Lake Lodge last night by Jack Wolert. Earl Stice presided at the meeting and Floyd Carnell was the program chairman. Guests included James Caffrey and Bob Brenneman, visiting here with Mr. and Mrs. Fred Thompson from Texas and Paul Oehler of Sacramento.

Car Smashed

Orville Hoffman, discharged from the navy six hours previously, escaped injury at 8 o'clock last night on Donner grade when his car was crushed between the upper bank and a heavy truck driven by Dee Roper of Boise. Patrolman William Gautsche made the investigation.

S. P. PRESIDENT HERE

Mr. and Mrs. D. J. Russell of San Francisco were vacationing here for a few days in their private car, Sunset. Russell is president of the Southern Pacific and promised to return after the first of August to enjoy more of the ideal weather in this region.

WALTER M. BARRETT

The suggestion that a museum to house relics of the early history of this area be erected by the state division of beaches and parks in the vicinity of Donner Monument should stir the interest and gain the united support of all local organizations. Apparently people have been too busy to take heed of the fact that year after year this area is losing its identity as one of the most interesting points, from a historical standpoint, in the State of California. A museum to perpetuate the remaining mementos here and a place to house those which might easily be secured from scattered locations would fill a need which must be filled soon or forgotten. And while we are on the subject of relics, the supervisors have not been asked for an appropriation for restoration of the old Rocking Stone tower.

Safety Project At Lake Is Installed By Local 20-30 Club Members

Truckee 20-30 Club No. 344 finished the first part of a civic and safety project at the west end of Donner Lake last week by painting nine metal barrels white, joined by rope to prevent boats from coming too close to shore and to buoy swimmers. Guy wires and weights are placed to hold the barrels in the water at the same spot.

The organization plans to build a float and diving board for general use in the same vicinity.

The barrels were donated by oil distributors and the rope was supplied by ski lodge operators in the area.

LAST RITES HELD IN RENO FOR FORMER TRUCKEE RESIDENT

A requiem high mass was celebrated on Monday at 9 a.m. in St. Albert the Great Church at Reno, for Domenico Saibini, well known former resident of Truckee and Boca. Rt. Rev. George L. Smith officiated at the last rites. Burial was in Mater Dolorosa cemetery.

Saibini was born in Fenoglio, Italy in 1886 arriving in the United States in 1906. He made his home with his family in this vicinity for many years, leaving for Reno, seven years ago when he retired as railroad track foreman for the Southern Pacific Company.

Mrs. Adelina Saibini, his widow of Reno survives; two sons, John and Raymond Saibini; grandchildren Diane and Albert; brothers Venturino of Vallejo; Frank of Santa Rosa; and Bastita and Serfino of Italy.

Ruth Osburn Is Feted At Pre-nuptial Party

A pre-nuptial party was given for Miss Ruth Osburn, bride-elect of John Waller, with Mrs. Terry Tollefson as hostess on Sunday. The occasion followed by a day the birth date of the guest of honor.

The guest list invited to the surprise shower included the Misses Marie Osburn, Adonna Goodpasture, Sharon Pace, Shari Reynolds, Albert Cooper, Mary Ann Tonini, Janice Buehler, Marcia Dudley, Jean Rood, Joellyn Ashton, Diana Abbott, Loma Sorensen, Evelyn Stinchfield.

Miss Osburn will become the bride of John Waller at an evening ceremony to be performed in the Methodist Community Church by Rev. Wesley Osman, Friday, July 23. A reception will follow in the home of Mr. and Mrs. I. Firpo at Gateway Park.

Missouri Travelers—

Mrs. J. B. O'Neill and daughter, Judy, returned to Missouri, their former home, last week.

Sisters Visit—

Miss Lily Fleckenstein of Folsom was a guest last week of her sister, Miss Mary Fleckenstein.

Strike Here In 5th Week As Talks Fail In Dispute

Effects Of Long Strike In
District Felt As Many
Out Of Work

With negotiations apparently hopelessly deadlocked, the strike at the Truckee mill of the Stockton Box Company today neared its sixth week of idleness. As time passes the mill operators and members of the two unions, the American Federation of Labor and the CIO, seem to be farther and farther from reaching a settlement.

While negotiations in this area, which has headquarters at Auburn, have continued more or less on a friendly basis, name-calling has entered the meetings in the Pacific Northwest and disputes have been frequent.

Mill operators are holding fast in their stand that they cannot and will not pay the increased 12½ cents an hour demanded by the unions and contend that a renewal of the old contract at the rate of pay received up to the time of the strike is all the industry can bear.

In the meantime, lumber prices are soaring and a shortage of some materials is being felt in many sections.

Locally, the strike has idled more than 100 men and a number of families have left to seek employment elsewhere, while others are hanging on in hopes that a settlement can be reached. The operating season here is short under any circumstances and the strike shortened that production and earning period quite materially.

The strike has not affected the Tahoe Timber Company mill at Reno which brings most of its logs from this area. The contract there was signed on the first of the year, while in most instances the contracts ended at midyear.

Mrs. Kase Will Serve As Secretary For Chamber of Commerce

Howard Newsham, president of the Truckee Chamber of Commerce today announced that Mrs. Sidney Kase has volunteered to serve as secretary for the chamber during the absence of her husband, Dr. Kase, who leaves soon to serve in the navy. Mrs. Kase has offered to serve without compensation, but the chamber directors are agreed that she should be compensated for work done, although no fixed salary will be paid.

Mrs. George Kamp has resigned as secretary to devote full time to her work with the Truckee Public Utility District.

Leilani Braasch Feted With Birthday Party

Leilani, 8-years-old daughter of Mr. and Mrs. Lester Braasch was feted at a party on her birthday, July 9 with the following guests sharing the event: Mrs. Orval Vaughan and daughter, Caroline; Mrs. L. Westcott, Judy and Shirley, Denise Clepper, Mrs. John Street and Cathy, Betty and Janice Baysinger, Liane Kay, Evelyn Hintz, Diane Cardinal, Jean Wakefield, Kathy Braasch, Johnny Braasch of Salinas, Mr. and Mrs. William Bottel of Fresno.

LOCAL FIRE FIGHTERS AT LOYALTON BLAZE

Fires in the Loyalton and Susanville areas were reported as being under control this morning.

U. S. Tahoe Forest Service fire fighting equipment from here was taken to Loyalton area this week to aid in fighting a 5000-acre blaze, with 360 fire fighters working diligently for control early Tuesday and Wednesday.

Eight cats and five tankers were being used on the conflagration. Nelson Stone, Assistant Ranger in Truckee has been aiding in supervising the Loyalton fire.

More than 300 lunches were rushed from Truckee to the weary men.

From Modesto—

Mr. and Mrs. Tony Besio and family were here over the weekend visiting relatives and friends.

Swimmer To Make Attempt to Break Record at Tahoe

MEEKS BAY—Bert Capps, 38-year-old professional swimmer from San Francisco, is scheduled to take off from Meeks Bay at 4 a.m. Friday in an effort to break the 12-hour record in swimming across Lake Tahoe to the Cave Rock Beach.

The record was recently set by William Long and the only other swimmer to span the distance was Myrtle Huddleson in 1931.

Capps will be accompanied by his coach, Jerry Hawryluk, who will provide him with tea and honey on the tiresome and difficult journey, in water 45 degrees above zero.

Capps is not too well known in swim circles, but has competed several times in the Golden Gate swim event and once swam around Alcatraz from Aquatic Park in two hours. He weighs 225 pounds and is more than six feet tall.

Loynd Resigns As School Board Head

Walter A. Loynd, president of the Tahoe-Truckee Unified School District board of directors since the organization of the district July 1, 1949, has resigned as a member.

Fred Pedley of Soda Springs has been elected to the position of president of the board but thus far no one has been appointed to fill the vacancy made by Loynd's resignation.

Reginald Smart has been named vice president and Denis Sach of Tahoe City is the clerk for the 1954-55 year.

Loynd's resignation became effective July 1. The former president of the board has been exceptionally active in school affairs and was one of the original planners of the district and present school system. He has always given willingly and ably of his time to improve conditions and has been steadfast in his policies. His position offers no compensation.

In resigning Loynd said he had intended to relinquish the post some time ago, but that issues and problems had arisen which he wished settled before stepping down.

No single individual has done more to promote the present system and the high standards of facilities offered than Loynd and his resignation will be deeply regretted by a legion of friends and patrons of the school.

Pedleys Purchase Porter Property; Move Soon

Mr. and Mrs. Fred Pedley will move on September 15th into the house they recently purchased from William Porter on West Main St.

The building for several years has housed Porter's antique shop and he plans to move his stock to Carson City in the near future.

Sharon Pace Reports On Sunshine Conclave

Donner Council No. 13, Pythian Sunshine Girls, met Wednesday evening with Janice Gray, royal princess presiding.

Sharon Pace, past royal princess and representative to the grand council, gave an interesting report of proceedings of the two-day session in Lodi. She has been appointed drill captain for the Sunshine Girls drill staff consisting of 14 girls.

A 100 per cent attendance pin is offered the girls for perfect attendance and it is evident that the members are trying hard to obtain this honor. The next meeting will be August 4 at 6:30 p. m. to practice drill.

Lake Level

The level of Lake Tahoe Monday stood at 6228.43 feet with two gates open. Temperatures at Tahoe City during the week ranged from a low of 43 last Friday to a high of 81 on Saturday. Art Frodenberg, cooperative observer reports.

Kearneys See Friends—

Mr. and Mrs. Philip Kearney and three children of Corte Madera with Frank Kearney of Sacramento, were visitors on Monday.

Drive Is Started To Obtain Local Museum For Area

Offers Are Made To Return
Relics If Housing
Is Available

Sparkplugged by C. Edmunds, manager of the Truckee Public Utility District, a drive is being inaugurated for the establishment of a historical museum near Donner Monument.

The drive was given emphasis here Sunday during a visit from the Nevada County Historical Society which presented a brief ceremony at Donner Monument, when the history of the ill-fated party was recounted by speakers and descendants of Donner party survivors.

Among the speakers was Dr. C. W. Chapman of Nevada City, whose committee originally sponsored the erection of the monument. Dr. Chapman indicated he had numerous historic relics which he would gladly place in a museum, while officials of the historical society expressed a willingness to surrender many valuable Donner party mementos if a proper setting for them can be arranged.

It is pointed out by Edmunds that there are hundreds of valuable and interesting relics scattered far and wide which eventually would find their rightful place in a museum here. He is urging the division of beaches and parks to study the proposal and is calling upon local organizations to get behind the project.

"In this particular part of California one of the most important from a standpoint of the state's early history—there is no effort to retain and restore this vital history," Edmunds declared. "I feel strongly that steps should be taken immediately to establish a museum so that this area can perpetuate the relics of history which stand out so importantly in the founding of the West."

At the ceremony here Sunday, Bert H. Wiley of the state division of beaches and parks outlined the history of the Donners and told of interesting events in the early history of the region.

The tour to Truckee was led by Robert Paine of Nevada City and Bill Tobiasen, president of the historical society. Doug Barrett represented Gov. Goodwin J. Knight at the ceremony and spoke briefly. Edmunds represented the Truckee Chamber of Commerce.

The descendants of the survivors of the Donner party present at the monument were: Mrs. Allen Hart, Petaluma and Mrs. Gertrude Forrest, Sacramento, granddaughters of Mary Graves, a heroine of the party; Miss Jacqueline Forrest, great granddaughter of Mary Graves; Miss Jacqueline Forrest, great granddaughter of Mary Graves; Mr. Lea B. Murphy, son of Wm. C. Murphy, a survivor; Mrs. Harry J. Cheim, daughter of W. G. Murphy; Mrs. Eleanor Steinberg, great granddaughter of Elcino Graves. During the progress of the program two visitors from Minnesota, signed the Donner name in the park register without further identifying themselves.

New Members Invited To Local Church Group

The Methodist Youth Fellowship meeting Sunday night at 6:30 will be led by Rosalie Kaspian and Jo Ann Allen. The members of the Fellowship are making a serious effort to welcome in new persons to share in the fun, worship and work of the group. All young persons from junior high school age through high school, who are interested in a Protestant Christian Fellowship are invited to come. They are planning a series of exchange with the MYF at Kings Beach in August.

Rev. Osman is planning a series of sermons on the church. He begins by preaching on the "Tradition of the Church," Sunday at the 11 p.m. service.

Fall From Horse Hurts Girl In Lake Tahoe Area

Donna Cheney, 19, Santa Rosa, was treated for head injuries at the Tahoe Forest Hospital by Dr. George Hahn after she fell from a horse she was riding at Lake Tahoe last Saturday. Following treatment she was allowed to return home.

BREAKS ARM IN FALL FROM CHAIR LIFT

Beverly Frickstad, employed by Briner Photos at Squaw Valley suffered a fracture of her lower left arm and concussion when she fell from the chair lift there a week ago. She was treated at the Tahoe Forest Hospital.

In Mountains—

Mrs. Roy Waters and son, Gary, are vacationing at Felton, in the Santa Cruz mountains.

TAHOE FOREST ACTIVITIES

Large Fire Organization
It seems that each year there are
always a few fires that "got away."
The fires that the prevention ef-
forts failed to prevent, the fire
that was just a bit too much for

are paying about a dollar a fish to
supply the fishermen in that area.
Of course, this may amortize out
eventually.

The price of constructing the
project has gone up and up. In
June, 1951, the board appropriated
an additional \$442,000 for the
project, bringing the total alloca-
tion to \$692,400. Originally, the
board planned 24 ponds, but has
jumped the total to 36.

It is not customary for govern-
mental department to have money
lying around loose, even if it is the
taxpayer's money, without spending
it. So here is what the wildlife
board agenda says:

"There now remains an unex-
pended balance of approximately
\$100,000 out of the total alloca-
tion. This is more than sufficient
to construct 12 additional ponds
and two additional residence build-
ings necessary to house the addi-
tional staff that would be re-
quired."

The board also has been asked
to spend some of the money for
fencing around the residences,
\$1626 to be exact. The fences, ac-
cording to the department, "would
enclose only the backyard," and
the request is made to protect chil-
dren of the employees from drown-
ing.

The idea of keeping children
from drowning, of course, is highly
laudable. But there are a couple
of questions that might be asked
in connection with this idea. In the
first place, is it now the custom
to send men with families to com-
paratively remote areas, and in the
second place, what happens when
the kids climb the fence?

one man or the initial attack crew
to handle. Too, in real bad fire
weather—hot, dry and windy—a
fire starts that is inevitably a big
one.

These are the fires that cause
havoc. They destroy millions in
natural resources. They cost many,
many dollars to put out. They
cause interruption in the carrying
on of the many essential jobs to
be done in managing National For-
est lands. They sometimes bring
permanent injury and even death
to firefighters. They are dreaded by
everyone, for they do no good, are
dangerous and cost the taxpayers a
"pretty penny."

To cope with this ever-present
threat, each National Forest trains
and builds up a "Large Fire" or-
ganization charged with strategy,
direction, planning and overall
preparation of the suppression job.
Only the most experienced and
most skilled are placed on this
management team. It takes an in-
timate knowledge of fire behavior,
plus a managerial ability, to effec-
tively place men and machines to
control the blaze and to direct the
work of others in the many neces-
sary details. It takes experience
and a detail knowledge to carry
out effectively each major man-
agerial duty that has to be per-
formed. The failure of any one
phase of the job, all but wipes
out the effort of the whole team.

Regional Standards

To get uniformity throughout
the entire region, a standard large fire
managerial organization training
program is established by the
regional office. On each National
Forest, a complete team is made
up and that team is trained both
as individual workers and as team
workers. Each team member must
thoroughly know the duties of each
other team member as well as being
an expert in his particular assign-
ment. In addition, to classroom
study each year, field exercises are
held. In this field work, the organi-
zation functions in every respect un-
der simulated fire conditions.
When a large fire occurs on the
forest, this team automatically goes
into action.

Throughout each season parts of
this team are sent to other forests
to lend a hand. It takes at least
two complete teams of directors to

MORE PATROLMEN FOR FOREST AREA

In the interest of better fire pre-
vention, fire suppression and law
enforcement the Tahoe National
Forest is adding three extra pa-
trolmen. The Truckee District has
been fortunate in obtaining one of
these positions and will assign the
new patrolman to the fast-growing
North Tahoe area.

Patrolman Roy Cratty stationed
at Kings Beach will have jurisdic-
tion of fire control activities in
the North Tahoe unit from State-
line extending west as far as Dollar
Hill. Cratty, a Korean veteran, has
four years experience as fire crew
member, fireman, lookout and pa-
trolman. His headquarters is ad-
jacent to the Kings Beach postof-
ice and he may be reached by
phone at Liberty 6-3567.

Clarence Beavers, veteran forest
officer, who formerly supervised
the North Tahoe unit still remains
at Wm. Kent campground and will
supervise the west Tahoe area and
the Truckee River area from Truc-
kee to Tahoe City.

There has been an alarming in-
crease in smoker fires this year and
it is hoped that through the ef-
forts of these patrolmen that this
major cause of fires may be elimi-
nated.

BOARD DECLINES NEW HEALTH PLAN

NEVADA CITY—A \$34,000 coun-
tywide health program supported
partly by state grants was rejected
by the supervisors as being too cost-
ly and temporarily unnecessary.

The supervisors took no formal
action on the proposal submitted
by the county pollution committee
but rejected it in effect by con-
tinuing the current health and sanita-
tion program which includes only
the services of a county sanitarian
and a part-time health officer and
public health nurse.

Tahoe Man Fined For School Law Violation

KINGS BEACH—F. B. Sederberg
of Tahoe Pines appeared before
Judge Harry Harrison on July 13
at Kings Beach for violation of the
educational code, for not sending
a child to school. J. Penno, attend-
ance officer and assistant District
Attorney Franklin Tuttle, both of
Auburn were in charge of the case.
Sederberg was fined \$50, placed
on two years probation and must
report to the probation officer at
Auburn once a month during the
school periods. Sederberg had
pleaded not guilty of the charge
on June 14.

More than 5,000 different kinds
of plants grow in San Francisco's
Golden Gate Park.

handle a fire—each on a 12-hour
shift. Because of the uniform
training given under a standard
procedure, men from various units
easily compose themselves into a
new team.

The Tahoe Forest has on its
large fire team, some of the highest
rated specialists in the California
Region. In addition, the forest has
some of the highest rated subordi-
nate workers as well, and they are
even more frequently called upon
to go "off forest"—crew bosses,
camp managers, scouts, line bosses,
safety officers, etc.

SUMMIT SCENE

by FRANK COUILLARD

Now that we are vacationing—summer seems really here. The Hackshack at Kingsvale is a "Grand Central Station" as our friends and family visit us. Last weekend marked the grand opening with a progressive party which started with cocktails and canapés at the Flood building, occupied by the Kingsvale Belles, and ended up at the Hackshack with a buffet. Occasion? Frances (Johnnie) John-

son's birthday—one of the K.B.'s. Counted around 20 faces with Elmo and Jeannie Moriano's presence included from Beacon Hill. Swell party and lots of fun.

Even getting reacquainted with family members is an experience we are enjoying in our leisure. Sister Wilma Hack Murphy unloads her car with all of her paraphernalia and plans on some serious work for her various activities—as she types beneath the pines. We're kind of proud of our sister who is manager of Sacramento's Saturday Club, which is the west's oldest music club and presents one of the

most ambitious concert series in the United States. We glance over her program for the current season and find listed the famous Old Vic Theater from London presenting Shakespeare's "Midsummer Night's Dream," which starts Robert Helpmann and Moira Shearer—Sacramento being but one of nine cities in the United States to have such an attraction. The San Francisco Symphony, the "London Festival Ballet," Dame Myra Hess, Isaac Stern and Blanche Thebom, are on the celebrity series. Find out that Rigoletto with Leonard Warren Jan Peerce will arrive in our valley city on October 9. "There's no business like show business," states Wilma—but a nine and a half year old son has taken her on an interesting "side" business which may well turn out to be the tail that wags the dog. Children's Theater, "live" theatrical performances by young adult actors, with the story, the direction and the development of the whole project for the people circuit, has sent her scouting all over the west interesting parents groups, PTA's, University Women and other civic minded organizations in bringing these performances to their children. The new play currently on her designing board for the fall tour is a brand new adaptation of an old Irish tale, "The Giant of Knockmany," which thus far she has "sold" from Glasgow, Montana to Amarillo, Texas. Not satisfied with the above programs she also manages the famous Lessell Marionettes and handles the details of their nine-month tour of children's theater and fairs. But enough of this "bragging" about one's family.

Another guest at the Hackshack is Jeanne Cooley, manager of the Sherman Clay box office in Sacramento (a conferee of Wilma's). Jeanne flops around from one piece of porch furniture to another as she garners strength for the coming season. (Incidentally a good gal to know if you require a front row seat.) Mary Rackliffe is also somewhat of a celebrity in her own name, too—(another one of our guests). Luscious complexioned, willowy Mary is secretary for Twenty-Thirty International.

What with Mom (Mrs. Lois Hack) directing the household—and a collection of operatic records worth a few thousand dollars, do we need to say that our first weekend "at home" was a huge success? We rest now for another coming up!

Guess the Helgrens who bought well known old Crampton's Lodge at Hampshire Rocks are really putting their roots down in our native granite for, in looking out of their backdoor the other day, we noted a motel unit going up. A great many trailers in their "yard" give evidence of a big season down that

way—besides their busy, busy business.

Bert Bacon at Cisco Grove puts in a new ice machine—to augment his thriving summer. Glenn Parsons of Trailsyde can be seen putting on the roof of a delightful new home which he is building—and which looks almost ready for occupancy. Meet Mr. Fuller, who is now operating Bid Bend Inn—which has been an unlighted spot for several months in the center of the forest service colony at Big Bend.

In the Soda Springs subdivision Mr. and Mrs. E. A. Bush sweep off their front porch for the summer months and prepare to "laze" the rest of the season away. The Leonard Harters, the Art Hendricks's of Davis (he is a professor at the University of Davis), the Otumans, Thunens, Fairchilds, Sims, La Points, Williamsons and the Willard Smiths make Kingsvale more bustling than ever. Betty Aro takes off for the peninsula where she plans to remain until after her new "income tax deduction" has arrived.

Can't give you many details on this statement (which won't surprise anyone) but Papa Carl Buck whom I hadn't seen for a few weeks answers the "where have you been question"—with "Seeing Dick off for South America." Seems like Dick took off for the romantic continent in his own little plane.

This may be a little irregular but it would save me a lot of steps, a lot of gas and a lot of energy if hotel operators, motel operators, ski tow operators and the like would answer these questions and see that I get them. Information is required by the State Chamber of Commerce in a VIP survey for the following: How many guests will your organization accommodate? How many guests did you accommodate last winter season? Are you planning on increasing your guest capacity? How many ski tow tickets sold on your lifts last year. The survey includes the area from Emigrant to and including Truckee. I have secured most of the information needed from Emigrant Gap to the Summit—but need that section covered by the Truckee area. As my request came from the recreational division of the State Chamber—it is my assumption that the survey is not an idle one. If you do not care to have your figures compiled with those I have already secured—wonder if you'd send it directly yourself to California State Chamber of Commerce—350 Bush street, San Francisco (Recreational Division). If you wish to send it to me—a card addressed to Soda Springs will reach me.

Many cars in front of the Donner Summit Lodge, and buses unloading told us that the Latter Day Saints had arrived. The huge oil

NORTH TAHOE

By JUDGE HARRY CHARRISON

Al and Mrs. Nelson of Pasadena were visitors of the Dave Ashtons of Kings Beach during the past week. The Nelsons are old friends of the Ashtons, in fact Dave and Al worked together for a number of years.

John and Mrs. Miedema were weekend visitors of Brother Arnold at Kings Beach from Pasadena. John has the best luck at fishing I have even seen. He makes us locals look like novices.

Had a call from Albert Bains of Pasadena, looking for a lovely place to stay for a couple of weeks. They say they just have to get away from smog and smoke for a while. What a break we people have up here, we should appreciate it.

Talking about dentists, our neighbors were telling us they took their dog to our new veterinarian, Dr. Dingwall, in Tahoe City, and had all of its teeth pulled. She didn't know when the falsies would be ready.

Was around the Falcon Lodge a few days ago. It is hard to realize that such a place could be built by two people, Mr. and Mrs. Klien, the owners.

The grounds at the Community Methodist Church are gradually becoming in ship shape condition, after young willing helpers did a whole lot of hard work. Those helping were Davie Ashton, Walter Hapgood, Judy Soles, Rosie Germain, with Mrs. Covhens' support. If anyone has a load of good white gravel laying around, pick it up and dump it on the ground by the outdoor seats. There were 34 new faces at the service last Sunday, mostly visitors from several states in the Union.

Don't forget the dinner for the Catholic Church to be held on Sunday at either Cal-Vada Lodge, North Shore Club or Cal-Neva Lodge. This is for the benefit of the Parish of Truckee and Lake Tahoe. Father O'Neill welcomes everyone to attend and help this worthy cause.

It was with deep regrets that we heard of the passing of Duncan Davis of Carnelian Bay and San Francisco. Davis was a great lover of the lake and was the owner of large amount of property in both places. Interment was last Tuesday through Gray's funeral parlor in San Francisco. He leaves his widow, two sons and one daughter. The daughter is in Africa, one son in Portland, one in San Francisco.

Yes, today is the birthday of my wife, it always comes on the same date, July 19. How old is she? She hasn't told me for the past 10 years, anyway it was celebrated at a garden party and dinner at her home on the golf course. Among the guests were Joellyn and Davie Ashton, Arnold Sophie Miedema, Lloyd Barnes and Ella Blake.

A most delicious ham and turkey dinner was served at the Wee Kirk of the Pines last Sunday evening and a large gathering attended. The proceeds will go toward paying for the new seats in the outdoor chapel. Mrs. Mary Abbott was in charge.

Vincent Mercoe is planning to erect a large white cross on the corner of the grounds entering the church. This will add greatly toward the beauty of the grounds, Bud Mandeville has been doing a swell job on the aisles between the seats.

The whole community is very pleased at the splendid work that has been done on our roads. Although no black top has been put in, most of the roads have been oiled, eliminating the dust to a great extent. The short cut should be in good condition and far less dangerous when the work that is now being accomplished is finished, thanks to Frank Paoli, our supervisor.

Upon looking around, I find there are a great number of trees that are a menace to the surroundings. Most of them are unsightly and should be taken down before there is another tragedy like the one that happened a year or so ago in the area.

If you live close in town why not walk to the post office and shopping center, as the congestion of cars is getting bad. Give our visitors the benefit of the parking space.

Joby Lewis is still drawing big crowds to his Cal-Vada Lodge. He gave a 1954 Chevrolet away last week and there is still a couple of Oldsmobiles to be given away.

If you have any news of the area just give me a call, and I will be glad to have it in this column. Sometimes it's hard to get, in these busy days as the court business is going just about 24 hours a day, Sundays, too.

I hear my very good friend, Orval

stove that was the chief of the Donner Summit Kitchen—lost its throne sometime ago and was relegated to the "backyard." For the LDS contingent. However, said range was "firebricked" up and converted into the barbecue range that was need for the mammoth outdoor meeting. Can we hope that this latter addition to the well kept grounds of Donner Summit Lodge might mean that Bill Rutherford will again put on his Sunday afternoon barbecues?

SIERRA SUN ADS PAY!

Vaughan, senior officer at the Quarantine Station in Truckee, is moving to a port position in Southern California. Orval has made

great strides, in quarantine work, and I would imagine is slated to go still higher. He will be missed, as he was an asset to the community.

**MATRON TO HEAD
PLACER EMPLOYEES**

AUBURN—Mrs. Moya Bemis, matron and secretary to Acting Sheriff Francis E. West, was elected president of the Placer County Employees Association at a meeting here.

She succeeds Milford Whitehead, resigned deputy sheriff, now employed by the City of Auburn.

Mrs. Bemis, a former police judge in Auburn, is a daughter of the late Sheriff Elmer H. Gum of Placer County.

**ENGLE CALLS MEET
TO DISCUSS TIMBER
MARKETING ISSUES**

WASHINGTON — Congressman Clair Engle of Red Bluff, announced a hearing was held July 21 on forest service policies involving the pricing and marketing of timber.

The hearing, conducted by a subcommittee of the House committee on interior and insular affairs, was one of a series arranged by the congressman in behalf of lumber operators who are protesting for-

est service timber sales policies.

Lumber operators previously testified before a subcommittee the forest service not only is overpricing timber, but is restricting their operations by its profit-fixing policies and "unrealistic" system of marketing trees for sale.

"The forest service agreed, at the hearings held earlier this spring, to sit down with representative groups from the lumber industry and try to arrive at mutual understandings with regard to pricing and marketing practices in the national forests. These meetings have been going on for some

**ASSESSED VALUATION
IN COUNTY INCREASES**

SACRAMENTO (CNS) — The state division of assessment standards, in a report to the Board of Equalization, said the assessed value of property in California hit \$17 billion for 1954, an increase of months," Engle said.

"Now we want to find out whether anything is going to be done or whether this is just a lot of talk. Congress is going to adjourn shortly and we don't want this matter dragging on until congress comes back again next January."

Pointing out that a strike is in progress in the lumber industry on the Pacific Coast, the congressman added: "The forest service can take some credit for the present labor-management difficulties in the lumber industry. Lumber companies would be a lot easier to talk to about wage increases if they were not being soaked outlandish prices for stumpage in the national forests. That has a direct bearing upon the ability of the lumber companies to pay wages. I made the statement a long time before this strike started that if these policies of the forest service were not changed that many lumber operators would be shoved into bankruptcy. I suggest that the leaders of the striking organized labor take a look at the price tag and the marketing practices of the U. S. Forest Service as a cause, in part at least, of their present troubles."

nearly \$1 billion, or 6 per cent. But, the report showed, property tax exemptions totaling more than a billion dollars reduced the actual net valuation to \$15,856,234,365. This represented an increase of \$833 million, or 5.5 per cent, over the net for the previous year.

According to the report, assessments in Nevada County totaled \$23,299,000, an increase of 2.12 per cent over 1953.

Assessments in the county were broken down as follows: Land, \$6,816,000; improvements, \$13,910,000; personal property, \$2,573,000.

Exemptions in the county amounted to \$1,448,000, an increase of 7.33 per cent, leaving a net assessment of \$21,851,000.

For the entire state, the assessed valuation of land was listed at \$5,640,000,000, of improvements at \$8,124,000,000, and of personal property at \$3,139,000,000.

The report was based on local assessments made by county officials.

The increase, said the report, "was the result of new properties, and new developments within the respective counties."

The report did not include any ratios of assessed value of property to the actual market value.

Don't Be a Litterbug

Get in the highway clean up game. Carry a paper bag in your car for litter and trash. Deposit it in wayside receptacles. Don't throw trash from your car.

**SALARY INCREASES
IN PLACER DENIED**

AUBURN—Placer County supervisors closed the door on salary increases for all officers and employees during the 1954-55 fiscal year and defied the Placer County Taxpayers Association by placing an expected \$150,000 of in lieu tax money in the road department budget.

Both decisions were made as the supervisors adopted their budget and sent it to Auditor William R. Stephens to figure a tax rate based upon their tentative budget.

Plans Made To Hold Races On Lake Tahoe Soon

TAHOE CITY—Plans have been completed by the Tahoe Yacht Club for their annual regatta to be held at Chambers' Lodge, Lake Tahoe, on Sunday, July 25. Events will start at 9:30 a.m. and will include ten exciting races. All events, excepting the 5½ H.P. and 10 H.P. and under for youngsters 16 and under, and the three lap Lake Tahoe championship race, for hydroplanes only, are limited to Tahoe Yacht Club members.

R. Randolph Walker, vice commodore, today released the names of some of the entrants to be seen in action next Sunday. They include R. Stanley Dollar Jr.'s 1500 H.P. Short Snorter, which will give the championship entrants a real run for their money, and Dollar's Baby SkipAlong with its 250 H.P. engine, which has had its hull re-

built, if it arrives on time. J. Phillip Murphy of Oakland is bringing his brand new 2000 H.P. gold cup racer, Breathless, built last winter, up from the bay area on Thursday or Friday of this week for its initial tests on Lake Tahoe.

Fred Main of the Tahoe Boat Company said that Murphy has definitely entered the Breathless in the Gold Cup classic to be held at Seattle, August 7, under the Lake Tahoe Yacht Club banner. It is also expected to enter the Gold Cup Mile High races at Tahoe's Pope's Beach on September 11 and 12. The Breathless will give an exhibition run at Chamber's on Sunday next, according to present plans.

The Breathless, Jr., a 7-liter hydroplane with a new motor will be driven by Jay Murphy in the Lake Tahoe championship race, and Roger Murphy, just 17 (both sons of the J. Phillip Murphys), will enter his Galloping Gael, 225 cubic inch displacement, in which young Murphy won the Dr. F. T. Baron Memorial Inboard trophy at Lake Merritt on July 4th of this year.

This was a feat of which any 17-year-old could well be proud, for such men as R. Stanley Dollar Jr., Lou Fageol and Don Arena have all captured this coveted prize. Arena is a builder of gold cup speedsters such as the Miss United States, Such Crust and Tempo, Guy Lombardo's racer, Roger tuned his Breathless Jr. up to 103 MPH to win top place at Lake Merritt in the open class event.

To be seen in action in the 115

CLEAN YOUR CAMP, SIERRA CLUB ASKS IN VACATION PLEA

SAN FRANCISCO—The Sierra Club today appealed to High Sierra vacationers to make a special effort this year to "leave a clean camp."

Increasing use of the high mountain areas by the state's governing

H.P. class are J. Phillip Murphy's Toss and Muvalong and Clark Hall's Rainyear. Also J. W. Miller's (Sacramento) Mary Jo, driven last year by Randy Walker of San Francisco, which tied for the Commodore's Cup in first place with E. L. Oliver's Let's Go Too. Entered in the 130 H.P. are the Let's Go Too and Alan Steltzner's Raha and others.

In the 160 H.P. Chris Crafts Frank Kraus of Sacramento will enter his remabout Undecided, as will J. W. Miller of Sacramento his 145 H.P. Dork, and Paul Seaglon of Oakland his 158 H.P. Pamavi II. Expected this year is the entry of the Gloria M by Charles Mapes of Reno, who has won many a cup with his Speedy little craft.

Expected to be seen in action Sunday are Henry J. Kaiser's 1500 H.P. Ruthless and his 325 H.P. Lemmo-Go-First. It is also hoped here that Morlan Veisel's Hurricane V and Bill Stead of Reno will be on hand to make exhibition runs. In the Kids' Outboard event Lewis Marsten of San Francisco, Jody Hickingbotham of Washington, D. D., and Jim Miller in his Bun Buster, will be seen in action in their 10 H.P. hydroplanes, as well as other contestants in all events. A race for third class unlimited outboards will be held if enough boats are available, four or more.

The course will be rectangular, two and three miles for the varied events. A Coast Guard Auxiliary patrol boat will stand by for emergencies, and three announcers will be on hand, Fred Main, Randy Wilker and Brooks Walker to broadcast events over the Standard Oil public address system, loaned for the occasion by Jake Obexer of Homewood. Commodore George Merriam Lewis will be assisted in awarding the trophies, on display at Chamber's, after the races by Vice Commodore Randy Walker. A luncheon will be held at Chambers' on Saturday, July 24 at which time new officers will be voted in for the ensuing year. A water ski carnival will be held by the Tahoe Yacht Club at Chambers' on Sunday, August 15. Clark Hall is chairman of the regatta committee.

New Dome Cars Built For Railroad

Sketch of roomy glass lounge car, including features found in no other dome car, which has just been built by Southern Pacific for testing on passenger trains throughout its lines. Every seat is under glass, and everyone gets a spectacular view of passing scenery.

A new type of railroad dome car, has just been completed by Southern Pacific, according to announcement by Claude E. Peterson, vice president, system passenger traffic.

Dome cars previously developed by the railroads have included two levels, or "stories," one above the other, Peterson pointed out. In such cars only passengers seated in the upper story have a dome view. In Southern Pacific's new car, every seat is a dome seat, he said.

Planned by Southern Pacific's own car designers, the car's floor space is divided into three areas—a cocktail lounge on one level, and a lounge and observation section

EXCESSIVE SPEED BLAMED IN DEATHS BY SAFETY COUNCIL

According to the California Safety Council, the number one killer causing the loss of nearly 3400 lives and injuring more than 110,000 people on California's highways and roads, is excessive speed.

In three out of 10 traffic fatalities, speed laws were violated. There seems to be much confusion as to the actual speed limit within the State of California. Safety experts define speed as "driving too fast for prevailing conditions whether at 35 or 70 miles an hour. The California Traffic Code places upon each driver the legal obligation to drive safely, recognizing road and weather conditions.

Good common sense definitely demands that a car be operated at a very low speed in rain or when fog obstructs vision. Disregarding such rules of safe driving was a factor in one out of six fatal accidents last year.

Wet, muddy, snowy or icy roads were involved in one out of five fatal crashes last year. Bumps or holes in highways were a factor in one out of five fatal accidents.

No matter what the legal speed limit may or may not be, common sense dictates that under such adverse conditions a driver proceed at a very low rate of speed.

The California Safety Council calls upon all motor vehicle opera-

fic citations are issued during these same two dangerous hours.

"Evidently people are in a hurry to get home at the end of the working day and each fleeting second seems to carry a premium. Unnecessary and unwise chances, taken in order to gain the slightest advantage in time, cause these accidents," he said.

Caldwell warned that pedestrian accidents increased by 6.2 per cent during the first five months of 1954 and emphasized that pedestrian violations figure among the 10 most common causes of traffic accidents.

WARNING ISSUED ON EVENING HOURS

SACRAMENTO—Driving or walking, use extra care during the early evening hours.

The California Highway Patrol bases this advice on an analysis of accident reports which indicate that the peak frequency of traffic accidents center between four and six o'clock in the evening. During these two early evening hours, more than 15 per cent of all reportable accidents occur.

"In making every effort to combat this aggravated accident problem the highway patrol is concentrating a great number of officers and enforcement cars during these critical hours," Patrol Commissioner B. R. Caldwell explained.

Caldwell pointed out that more than 15 per cent of all patrol traf-

population is resulting in unsightly piles of tin cans, bottles and trash left by careless campers at many available camp sites, the club said.

The club urged campers, hikers, fishermen and others who visit the high country to observe good outdoor manners and offered a code of simple rules to "leave a clean camp for the next fellow."

Burn inflammable trash such as bread wrappers, milk cartons, and discarded wearing apparel in campfire.

Burn cans in campfire to remove paper, food odors and thin coating of tin.

Smash cans flat and pack them out of the mountains, if possible; if not, hide them in crevices of rock slides where nature will hasten their disintegration.

Hide bottles in rock slides; better yet, pack them out of the mountains with you. Do not throw them in lakes or streams.

Do not bury camp refuse; bears will speedily dig it up again in all probability, after you leave.

The Sierra Club, founded by John Muir in 1892, is one of the nation's leading outdoor and conservation organizations, with several thousand members.

OCCUPANTS ESCAPE AS OVERTAXED BOAT SINKS AT LAKE TAHOE

TAHOE CITY—Resting up after their hectic experience of Saturday morning at the home of Mr. and Mrs. Jesse Taylor of Tahoe City, are Richard Dixon, 45, and Mrs. Milkie Yancey, 50, of Paramount, a suburb of Long Beach. Mr. and Mrs. Dixon and Mrs. Yancey are guests at the Taylor home, and yesterday Dixon and Mrs. Yancey went fishing early in the morning with George Waters, 26, son of Mrs. Taylor, with whom Mr. and Mrs. Waters make their home. Mrs. Dixon, luckily, stayed at home.

The trio pushed off at Tahoe City in Waters' 12-foot rowboat, equipped with a 116 H.P. outboard motor, and after all were aboard there remained only about a 12-inch freeboard.

All went well until around 6:30 a.m. the boat sprang a leak and began to fill rapidly with water. Terrified they called for help and their cries were heard by a number of residents living along the shoreline. Constable Harry Johanson of Tahoe City heard them, and so did Fred Main, commander of Tahoe Coast Guard Flotilla 35, whose home was nearby.

Main, accompanied by Steve Craig and Cliff Smith, immediately put out in a boat which is kept readied for just such emergencies at the Tahoe Boat Company, made their way at once to the scene of distress where they found the two men and woman clinging desperately to the edge of the water-filled boat. None could swim, and all said they could not have clung there more than another 10 minutes.

They were pulled aboard and taken to Main's home where dry clothing was provided and Mrs. Main administered hot coffee and whiskey and wrapped them in blankets until the arrival of Dr. Allen Sklar of Kings Beach. He administered first aid and ordered them all to bed.

The scene of the mishap was about three-eighths of a mile from shore near Tahoe City.

tors to pledge themselves to a volunteer observance of these common sense rules which will greatly reduce California's traffic accidents.

CARAH IS NAMED ON FISH, GAME JOB

Seth Gordon, director of the California Department of Fish and Game, has announced the appointment of William M. Carah, former Northern California newspaperman as departmental public information officer.

Carah succeeds Kramer A. Adams, who has accepted a public relations post with the Weyerhaeuser Timber Company at Tacoma, Wash.

The new public information officer is a native of California and is a graduate of Chico State College. He has worked with Sacramento newspapers and other Northern California dailies.

More recently Carah has been a member of the publicity staff of the California State Fair and for three years was public information officer for the U. S. Bureau of Reclamation with headquarters in Sacramento.

During World War II he served with the Army Air Force for three years. He resides with his wife and two children at 3421 Tembrook Drive, Sacramento.

His headquarters with the Department of Fish and Game will be in Sacramento.

SWANEE'S Lake Tahoe Letter

Tahoe City, July 18

Dear Tahoeites:

During a visit last week in Reno I had the good fortune to run into former Tahoeite, Mrs. Phoebe Darlin. She and her husband, Otto, were up for two days on business, she said. She looked well and wanted to be remembered to her many friends at the lake, whom she misses very much. When I mentioned in the column some time ago that I had received a letter from Phoebe, many of our readers phoned requesting her address. Before I again forget it I am going to publish it—1531 Grand avenue, Piedmont, Calif. She will be more than pleased to hear from you all.

Mrs. Marie Henry of Tahoe City gives up the news that Mrs. Cora Walker, former Tahoe resident for many years, whose husband, Harry, died in 1952, has just married a cousin of her late husband, C. A. Walker, of Portland, Ore. The pair is now honeymooning at Santa Cruz and will visit old friends at Tahoe later on this summer. Am also indebted to Mrs. Henry for a reminder of the many birthdays and anniversaries Tahoe residents enjoyed during July. They include Pete Vanni's birthday on the 12th; Mary Tabor Griswold's fourth natal day on the 13th; Jayne Shontz's seventh birthday on the 14th; W. W. Mein of Miramar Heights, who celebrated his birthday in Rome, Italy this year; and on the 19th Constable Harry Johanson, Bud Jones, Mrs. Elizabeth Walker, my old friend down the Truckee River, Mrs. Marie Henry, Kathleen Starratt on the 20th; Terry Tolefson on the 25th; C. W. Vernon on the 26th; Pat Henry Fox on the 27th; Mrs. Mary Platt of Roseville and Tahoe, who will be 82 on the 29th, and two wedding anniversaries, Mr. and Mrs. Norman Mayfield on the 25th and Mr. and Mrs. Walter Gabriel, 45th wedding anniversary on the 31st. Perhaps Tahoe's oldest resident who enjoyed a birthday on July 1st was W. A. Simmonds, who turned 91 years young, and observed his special day at De Witt Hospital at Auburn where he has been a patient for some months. To one and all may we offer best wishes and congratulations.

The Tahoe City area has enjoyed a small deluge of new babies the past few weeks. Among the latest arrivals are six pound Teresa Ann, born prematurely to Mrs. Pete Vanni of Tahoe City on Thursday, July 15 at St. Mary's Hospital in Reno. The little lady is making satisfactory headway, according to latest reports, but had the unusual distinction of starting her life in an airlock. Pete motored over to Reno today, Sunday, and hopes to bring both his wife, Pat, and the baby home the first part of the week. Next arrival was during the wee small hours of July 17 when Mr. and Mrs. James Baker of Fairway Drive welcomed an 8 pound, 1 ounce son, at Tahoe Forest Hospital in Truckee, Dr. Sidney Kase in attendance. The young man has been named James Richard, and has a year and a half old sister, Yvonne. Mrs. Baker's mother Mrs. Mitzi Cochran of Berkeley is here to assist for the next month. Both mother and baby are doing fine. The Jack Boltons of Tahoe Park, and Chambers' welcomed another grandchild on July 13 when a little 7-pound daughter was born to their daughter, Ditty, former Tahoe resident, now Mrs. Arthur Ables of Roseville, in Highland Hospital, Auburn. She has black curly hair and blue eyes and has been named Cynthia Lynn. They both are progressing nicely also. Mrs. Emma L. Bolton, mother of Jack Bolton, whose home is in San Mateo, and who has been enjoying the summer at the Bolton home here, will go to Roseville as soon as Ditty returns from the hospital to assist in the care of the baby and household.

And speaking of hospitals reminds me of some of the sick folks of Tahoe all of whom are reported improved in health. Rudolph Zimmerman of Sunnyside, and San Francisco, who was critically ill at the lakeshore home here for several days and under the care of Dr. C. B. Pedersen and two special nurses due to a heart condition, was moved by ambulance on Thursday evening last to St. Mary's Hospital in Reno. There x-rays have been taken to try to discover the cause of his illness and Mrs. Zimmerman today said they hope to have a report from the resulting examinations the first of the week. Since arriving in Reno Mr. Zimmerman has not required the administration of oxygen, as at Tahoe, and is resting well and feeling better. His many neighbors and friends are wishing him a speedy and complete recovery.

Also at St. Mary's in Reno is Mrs. Martin Spitsen who underwent surgery last week and who is reported progressing nicely. She hopes to return home sometime this week. Mrs. Katherine Corona, mother of Tahoe City's Postmaster Oliver Corona, is making excellent progress toward recovery at the Corona home in Tahoe Park. She underwent surgery more than a month ago at Santa Clara County Hospital and has been cared for by her son and wife for some weeks past. Here's wishing her a return to her usual good health, soon.

Random Notes: Mr. and Mrs. Kenneth Scott of Piedmont and son, Ken Jr., enjoyed the weekend at guests at the home of Mr. Scott's parents, the Best Scotts, on the lakeshore in Miramar Heights. D. Perkins and family of Reno and C. Thulin and family of San Mateo were guests for several days last week at the Schluters' in Tahoe Park. Mr. and Mrs. Gordon Moyer of Ward Creek hosted a dinner party on Sunday evening. Superior Court Judge and Mrs. Tom Ledwith of Piedmont are enjoying their annual two weeks vacation at Schluters. On Friday evening they were hosts at dinner at Forest Inn to Mr. and Mrs. Warren Porter of Tahoe City and Mrs. Fern Schluter.

Guests last week at the Al Henry home in Tahoe City were Mr. and Mrs. David Donaldson and children of San Leandro. Mr. and Mrs. D. M. Brodehl of Oakland enjoyed sev-

eral days last week visiting at the home of their son-in-law and daughter, Mr. and Mrs. Jay Shontz in Tahoe City. Mr. and Mrs. Don Humphries and son, Scotty, have rented the Bondi home in Tahoe Park and hope to become year-around residents. George Zimmerman of San Francisco, brother of Rudolph Zimmerman, a patient in a Reno hospital has been a guest at the Zimmerman home in Sunnyside. The Zimmerman's daughter, Mrs. James Hale of San Francisco, and children, Jimmie and Marsha, have been enjoying a summer vacation with her parents here. Mr. and Mrs. Harold Beck of Butte City visited on Sunday with her parents, Mr. and Mrs. Jesse Taylor of Tahoe City.

Bishop Noel Porter of Outdoor Chapel returned to his Sacramento home on Sunday, but plans to return to Tahoe again on Thursday. Mrs. Marion Rustad and daughter, Binth, have been visiting at Tahoe. Mr. and Mrs. Joseph Altman and children, and Mrs. Katie Sleep of Long Beach, friends of the Imon Mitchells of Sunnyside, have pitched their camps at the William Kent Campgrounds for a vacation stay. Imon Mitchell is in the bay area on business for his employer, Contractor Bert Anderson of Pineland. Am indeed sorry to report that our good friend, Clarence (Butch) Beavers of the William Kent Campgrounds Forest Service Station, is reported slated for transfer to the Truckee Airport at the close of the current summer season. We'll miss him and his lovely family. Mrs. Dewey Longworth of Oakland, swung too hard at her golf ball while playing on the Tahoe City Golf course one day last week and wound up with a badly sprained left ankle and possible fracture. The whole town was saddened last week to read of the death of Mrs. Ernest Hoerdler at her home in Covina. Few of us even knew of her illness and it was a shock to learn of her passing. Deepest sympathy is extended members of her family. Mr. and Mrs. J. Phillip Murphy left for their bay area home on Monday but plan to return for the summer on Thursday next. Work of connecting up Tahoe City's sewer system is now being conducted, according to C. W. Vernon, president of the Tahoe City Public Utility Company. There will be real rejoicing when the task is actually completed. Mr. and Mrs. Malcolm Fox of Tahoe City enjoyed a horseback trip into the Tahoe backcountry which took them to Diamond Crossing, up the Powder Horn and back over Barker Pass and through Blackwood Creek. They were gone two days and report very little water in the backcountry, but song birds and lovely wildflowers galore. Few deer were seen, although tracks were plentiful, and they saw no wild animals such as bear, etc.

Want to remind our readers that just one week from today, Sunday, July 25, the Tahoe Yacht Club will hold their annual races at Chambers' Lodge, starting at 9:30 a.m. A fine lineup of racing craft have been signed up for the contest and a good time is promised spectators. More information on the racing events will be found elsewhere in the Sun. Come and bring the family.

Ring off for the week with a wish for good luck, good health and good cheer to you all. As ever, SWANEE

Start At Monument—

The Donner Trail Blazers will travel from Donner Monument to Chicago Park, traveling on horse back by way of the old Immigrant Trail on August 13, 14 and 15.

SMOKERS FINED
KINGS BEACH—Smoking in our forest land can become quite expensive to those that practice it. Two had such an experience during the past weekend. Stanford L. Tomkins was cited by Clarence S. Beavers for such an act and was fined \$100 as was Victor L. Vogel. Tomkins was from Citrus Heights and Vogel from San Gabriel.

NARCOTICS CHARGE
KINGS BEACH—Vincent Fontana, Jr., of Sacramento and Kings Beach was taken into court on a narcotics charge. Richard Lavery, constable at Kings Beach, made the arrest, assisted by John L. Heinzer, agent of the narcotics department. Fontana was taken before Judge Harrison, judge of the Tahoe District court, and after bail, in the amount of \$5000 imposed, he was removed to the county jail to await further trial.

SERVICES HELD
KINGS BEACH—Funeral services were held at Reno, Nev., last week for Mrs. Hilda Busha, widow of the late Leon Edward Busha, former residents of Kings Beach. Mrs. Busha died at Reno on Tuesday, July 13.

STUART GUESTS
TAHOE CITY—Jake and Marian Stuart and their houseguests, Jess and Ethel Lewis of Manchester, Okla., jumped into the Rubicon country last Friday evening for a weekend fishing and camping trip. They report fishing was rather slow in the Rubicon river but excellent in Miller Creek where they stopped on their way out on Sunday afternoon.

Japanese Exports
The United States is the leading source of supply and the largest market for exports for Japan.

At Last! A Miracle Coating for Shingles, Brick, Stucco & Cement Homes!

CARBOZITE

A superior, protective coating with an armor-like finish developed especially for homes and commercial properties made of Asbestos Shingle, Brick, Stucco and Cement!

BEAUTIFIES • PROTECTS • PRESERVES

OUTSTANDING CARBOZITE ADVANTAGES

- Contains Wurtzilite
- Lifelong Wear
- Permanent Colors
- Increased Home Value
- Mildew Resistant
- Year 'Round Comfort
- Water Resistant
- Weather-proof
- Penetrates and Bonds

CARBOZITE is a superior coating specially prepared to resist deterioration in every form. Heavy rains, snow and dampness—the hot searing sun and contrasting cold wintry days—all of these have a disastrous effect on homes, stores and commercial buildings.

CARBOZITE, the miracle coating renders services that nothing obtainable heretofore was known to perform. When spread over surfaces of asbestos shingles, brick, stucco and cement, CARBOZITE leaves a close-grained coating which is completely porous and weather-proof. CARBOZITE's beautiful, armor-like finish is achieved by a unique and exclusive process in which a natural mineral rubber—known by experts as WURTZILITE—is scientifically integrated with superior pigments and oils to give CARBOZITE lasting toughness and durability. CARBOZITE SEALS, PROTECTS AND RENEWS. It penetrates and bonds with exterior walls becoming a permanent part of them and providing homes with the protection they need against all the destructive elements of nature: deteriorating RAIN, SUN, SNOW, ICE—and from harmful ACIDS AND ALKALIES WHICH ARE EVERYWHERE!

APPLIED ON ANY SURFACE

APPLIED BY EXPERTS
Skilled workmen speedily apply CARBOZITE without fuss or bother. No fumes, no odor or muss—and to your guaranteed satisfaction.

FREE Demonstration and Estimate
Write or call for full details. You are under no obligation. CARBOZITE protects and improves the value of your property and saves you money the year 'round. REMEMBER, IT IS ACID RESISTANT, as well as weather-proof.

Missing Person

Washoe county sheriff's officers have urged anyone knowing the whereabouts of Robert (Bob) Winters to contact them immediately.

Mr. Winters' wife, Mrs. Alice Winters, 1315 Westwood Drive, told officers her husband has been missing for the last 10 days.

The sheriff's office reported Mr. Winters was last heard from when he went to Lake Tahoe 10 days ago. At that time he returned his car and car keys to his place of employment and has not been heard from since.

HIGHWAY WORK IS MOVING RAPIDLY

SACRAMENTO (CNS)—California highway construction is moving along on a greater scale than ever before.

Frank B. Durkee, state director of public works, reported to Governor Knight that the division of highways has 346 contracts under way, totalling \$170,509,100.

The previous peak was reached last July when 307 jobs worth \$166,963,200 were moving, Durkee said.

The director pointed out that the

increased activity was greater than indicated by the money value of the projects because highway construction costs have gone down about 8 per cent since last year.

With additional revenues rolling in from California's increased gasoline tax—the legislature boosted it from four and a half to six cents a gallon last July—Durkee said even higher levels of construction activity can be expected during the coming summer.

The division of highways opened bids totaling \$43,200,000 during April and May alone, Durkee stated, with work on many of these projects scheduled to begin this summer.

Durkee said the state now has 1147 miles of multilane divided highway, with an additional 218 miles under construction, and another 18 miles under advertisement for bids.

TAHOE CITY—Mr. and Mrs. Elfred Luhrs of the Truckee River had especially good luck on Monday on a fishing trip to Five Lakes. They were returned home with limits of beautiful brook trout.

Speed Limits In State Are Set Low Because Hazards Are Frequent

"Speed limits of 15 miles per hour are deliberately set low because the hazards are high," comments Sgt. George W. Haines, commanding officer of the Roseville California Highway Patrol area.

The state prima facie speed limits establish maximum permissible speeds of 15 miles per hour in four specific instances. These instances are:

(1) When passing a school building or grounds thereof when children may be about the grounds.

(2) When crossing a railroad grade crossing if the driver cannot see the railroad for 400 feet in each direction when he approaches within 100 feet of the crossing.

(3) When approaching a curve or any other part of the highway when the driver's view is obstructed within 100 feet ahead.

(4) When traversing an intersection if the driver cannot see clearly along the intersecting streets for 100 feet when he approaches within

Leake Polled 59,277 More Votes Than Duffy Maintain Vigil

WOODLAND—Paul Leake, hard-hitting member of the State Board of Equalization, polled 59,277 more votes in the June 8th primary election than did his nearest opponent, Clinton Duffy, member of the State Adult Authority and resident of Marin County.

The complete returns, just compiled, from all 5 counties in the Third Board District, revealed that Leake's Democratic votes was 65,493 in excess of Duffy's, and the latter's Republican vote was 6116 more than Leake's.

Leake is a Democrat, Duffy a Republican. Both cross-filed and will run it off in November.

Leake, a Woodland editor and for nearly 14 years with the U. S. Treasury Department in San Francisco as collector of customs, exceeded by 23,043 the combined vote of Duffy and Don B. Mitchell, the West Sacramento trucker who was also a candidate in the primaries for the equalization board.

Mitchell, a Democrat, gathered in 36,334 votes on both party tickets. He has pledged his support to Leake in the finals.

With all precincts and absentee ballot accounted for in the district, the totals:

Democrat—Leake 90,482; Duffy, 24,989; Mitchell, 29,745.

Republican—Duffy, 58,320; Leake, 52,204; Mitchell, 6589.

Aggregate vote—Leake, 142,686; Duffy, 83,309; Mitchell, 6589.

GAIN IN POPULATION OF PRISONS FORECAST OF PRISON FORECAST

SACRAMENTO (CNS)—An increase in prison population from 14,801 at the present time to 24,230 in 1965 was forecast by Richard A. McGee, state director of correction in testimony given before the senate interim committee on governmental administration.

McGee was called to discuss the needs of the department of corrections for more establishments for housing felons.

He said that serious thought should be given to the "wheel plan" of divided prison units around central kitchen, heating, laundry and related facilities, in the future, and pointed out that preliminary plans for this type of construction are being considered for the new medium security prison to be constructed when a suitable site is found.

Overcrowding, McGee testified, could be relieved to some extent through establishments of more forest camps for gainful use of prisoners.

Squids are swift and active swimmers and often travel in schools.

100 feet of the corner. "In any one of the above instances, if trouble arises and your speed is more than 15 miles per hour, a serious accident will very likely result, Sergeant Haines, reminded.

KEEP COOL

THIS SUMMER!

ENTRUST YOUR DRY CLEANING
WITH US TOO!

ONE CALL DOES IT ALL

Most of our customers prefer to have their dry cleaning done by the same dependable firm that does the laundry so satisfactorily, week after week month after month! For our standards are just as high in our Dry Cleaning work as in our Laundry Work—and our charges are just as reasonable.

We wish to take this opportunity to thank you for your past patronage, and we hope you will send us your dry cleaning too.

Buses Will Transport Children To Circus

School district buses will be used to transport children of this area to the Shrine Circus at Reno on Wednesday, August 4. It will be necessary for each child to have a signed release in order to go to Reno by school bus.

Release forms may be obtained in Truckee, Tahoe City, Carnelian Bay, Tahoe Vista and Kings Beach stores displaying window card posters advertising children's day at the Shrine Circus.

Tentative schedule for the school buses is as follows:

Leave Kings Beach Post Office, 9 a.m.

Leave Tahoe Inn, Tahoe City, 9:30 a.m.

Leave Truckee Elementary School, Truckee, 10 a.m.

Arrive Idlewild Park, Reno (where luncheon will be served), 11 a.m.

After luncheon the children will be transported to Mackey Stadium where the Shrine Circus is being held.

Hit By Log—

C. E. Bosen of Tahoe City was taken to Tahoe Forest Hospital on Monday after a log was reported to have hit him on the left shoulder.

Returns To Berkeley—

Carroll Finnegan of Berkeley, met local friends during a recent visit in Truckee. Finnegan made his home here years ago, where he was married.

Birthdate—

Mrs. Charles Kay observed her birthdate on Wednesday.

Return Home—

Mr. and Mrs. Al Bradshaw, former Truckee residents, have returned to their home in Oakland after spending several days here where the former indulged in his favorite sport of fishing. They report their son, Richard of Los Angeles, is recovering from a recent major eye operation.

Guidotti Here—

Mr. and Mrs. Ernest Guidotti and daughter spent the weekend here from their Sacramento home. They are former local residents.

Return To Capital—

Mr. and Mrs. John Moro have returned to Sacramento following a week's visit with their son-in-law and daughter, Mr. and Mrs. Angelo Besio.

Barretts Up—

Mr. and Mrs. Douglas Barrett and children were up over the weekend, Barrett returning to the State Capital Sunday and the family remaining here for a week at the Walter Barrett home.

From Grass Valley—

Mr. and Mrs. James Leamon and son were here from Grass Valley during the weekend. Barry Leamon who had spent a week at the home of his uncle and aunt, returned with them.

Girl Scouts Enjoying Camp Trips To Tahoe

On Friday, July 16, Elethia Marquis returned from her 10-day stay at Camp Washoe, and other girls of Donner Girl Scout Troop boarded the bus for the established camp at Meeks Bay. Mary Anne Faulkner, Karen Knoeffler, Susan Scow, Judy Giovannoni, Lois Freeman, and Arlene Copeland were in the second group. These are the first Girl Scouts from Truckee ever to attend an established camp.

Activities during the ten days include swimming, horseback riding, hiking, nature study, arts and crafts, dancing and singing, and camping skills under the supervision of a professional Girl Scout staff.

The troop and its leaders, Mrs. Oliver Scow and Mrs. Frank Giovannoni, point with pride to the fact that most of the girls earned a large part of the camp expenses, and wish to thank members of the community for their support of the project.

LOYND GUESTS

Mr. and Mrs. E. L. Loynd have had as their houseguests this week the former's two brothers, Harry of Detroit and William of San Francisco and Frank Jochem of Denver. Harry Loynd is president of the Parke-Davis Drug Co. and Jochem is the Denver district manager. Also currently visiting the Loynds are Mr. and Mrs. Harold Keefer and family of Oakland and Ralph Lefevre of Auburn.

OFFICIAL AT HOMEWOOD

HOMEWOOD—Mr. and Mrs. Paul R. Leake of Woodland will arrive here Saturday for an extended vacation. Leake, third district manager of the State Board of Equalization, has announced that a board official may be stationed at Truckee during the balance of the summer.

TWO AUTO WRECKS REPORTED IN AREA

Two automobile accidents in one of which Ellen V. Riley, 27, Squaw Valley, suffered head injuries which necessitated treatment at the Tahoe Forest Hospital, were reported by the California Highway Patrol during the week.

Mrs. Riley told State Patrolman Martin Sturcke that her car was forced off the highway by a reckless driver who failed to stop. The mishap occurred near Deer Park Tuesday morning at 12:15 o'clock.

Mr. and Mrs. Ray Smith of Oakland escaped injury but their house trailer was completely demolished Monday afternoon just east of the Flycasters on Highway 40 when Smith apparently dozed at the wheel and the vehicle struck a large pine tree. Traffic was tied up for an hour while the wreckage was removed. Sturcke made the investigation.

Rebekah Lodge Holds Session As Report Heard

Naomi Rebekah Lodge No. 2 met on July 14, with Alice Mayer, noble grand presiding. Plans were made for the president's official visit in August.

Pearl Heller who made her official visit as district deputy of the lodge was presented with a corsage in appreciation of her efforts.

Mrs. A. Carmitchell entertained with several local selections. Mrs. Pearl Lambry was appointed color bearer.

Meadames Janet Franklin and D. Harmon served refreshments after the meeting. Mrs. Henry Gall, publicity chairman, announced the next meeting, to be held on Wednesday, July 28 and all members are requested to attend.

YOUR UTILITY BILL AND YOUR FIRE INSURANCE RATE

Your District is constantly planning, expanding and improving its services to you.

At present, your District is cooperating with the Board of Pacific Underwriters in adding to your water system an additional 100,000 gallon reservoir in the Meadow Lake Area to improve the pressure and quantity of water for fire fighting purposes throughout the recently annexed portion of the Truckee Fire District.

At a cost of over \$15,000.00, some 3300 ft. of 10-in. to 6-in. pipe, in addition to the new reservoir, is being laid and connected and cross connected to the presently installed lines of the District.

It is your money and your District is expanding it for your benefit.

Jimmy Osburn Given Party On Birthdate

Jimmy Osburn, who was 10 years old on July 17, was joined by a group of school friends at the home of his parents, Mr. and Mrs. Clarence Osburn to celebrate the occasion. Lawn games, followed by the opening of presents by the young honoree and climaxed by the serving of the traditional cake occupied the following guests: Billy Knottley, Frankie Costa, Mike Kumle, Barry Leamon, David Ayala, Nicki Stone, Gary Costa, Richard Donniss, Terry Walker.

Truckee Lions Win In Game From Reno Nine

Reno's Arch Lions Club held their annual picnic and softball game at Truckee on Sunday, in company with the Truckee Lions.

The home team won the ball game in two innings, with a score of 18-10. Pitcher Howard News-horn, for the winners, also knocked two home runs. Jim Butler got Reno's only homer.

After the game the Lions and their families held their picnic on the west shore of Donner Lake. They swam, rode in boats, and even tried some water skis.

NATIVE VISITS

Mr. and Mrs. Howard Tarry of Berkeley were here this week visiting with several local old-timers. Tarry is a native of Truckee but left here shortly after the turn of the century.

18 On 20th—

Jerry Quam observed his 18th birthdate on Tuesday, July 20.

From Oakland—

Wilmer Tong of Oakland is visiting his mother, Mrs. Columbia Tong.

Improved—

Mrs. August Benjamin returned to her home on Tuesday following treatment at Tahoe Forest Hospital.

CARD OF THANKS

I am sincerely grateful for the kind and efficient treatment given me by the doctors and employees of the Tahoe Forest Hospital and for the remembrances of my friends.

Mrs. August Benjamin

STERLING SHEA AND GEORGIE FEARONS PARACHUTED TOWARD THE CONGO--UNAWARE THAT THE CRAFTY 'UNCLE' BERNARD SHEA PLANNED FOR THEM TO DIE IN THE JUNGLE

THE BOYS WERE CONFIDENT AND EAGER WHEN THEY LANDED, ANTICIPATING A ROMANTIC ADVENTURE--

...BUT THE WEEKS THAT FOLLOWED TURNED ADVENTURE INTO A NIGHTMARE. FEVERISH, HOLLOW MEN FOUGHT DESPERATELY FOR SURVIVAL--

--AGAINST THE AGONIES OF A CHOKING JUNGLE; AGAINST STARVATION-- AND THIRST!

THEN, ON THE APPOINTED DAY FOR BERNARD'S RETURN, GEORGIE FEARONS BROKE DOWN, SCREAMING, "WHERE IS HE? WHERE--"

BUT HE WAS SILENCED BY A SUDDEN SNARL FROM BEHIND. BOTH MEN TURNED, WIDE-EYED IN HORROR--

TO SEE A HIDEOUS, SPITTING PANTHER, CROUCHED FOR THE SPRING!

CURLY KAYOE

by SAM LEFF-

THE CROWD
WAS YELLING
SO LOUD YOU
COULD BARELY
HEAR THE
COUNT!

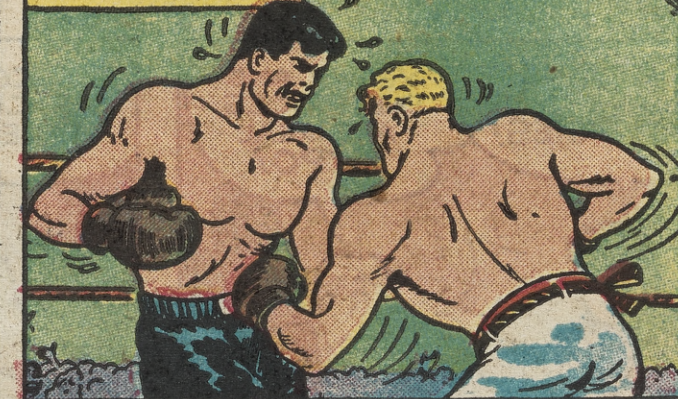

WHEW!
CURLY
MUST HAVE
BEEN HURT
BADLY!

NOW COMES THE
BIG MOMENT IN
THE BIG FIGHT,
MR. SANBAG --
CURLY GOT UP
AT SEVEN...

THIS BOOK I'M
GOING TO WRITE
ABOUT YOU -- "THE
MAN BEHIND
THE MAN" WILL
BE A BEST-
SELLER!

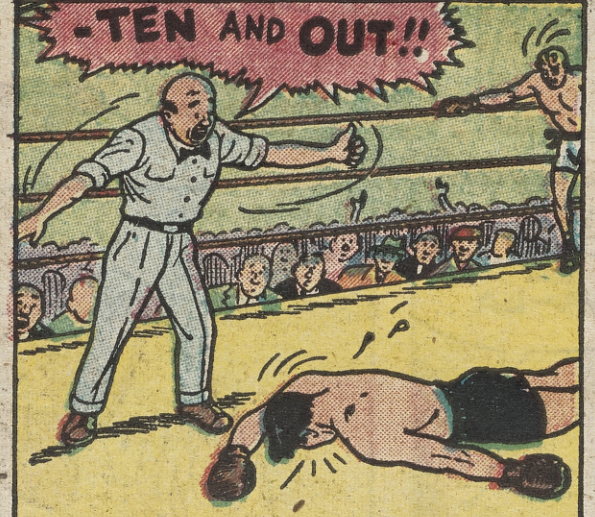

"LISTEN TO THIS -- BOTH BOYS WERE HURT
AND TIRED... SUDDENLY, CURLY LASHED
OUT WITH A RIGHT AND LEFT TO DUNN'S
MID-SECTION!"

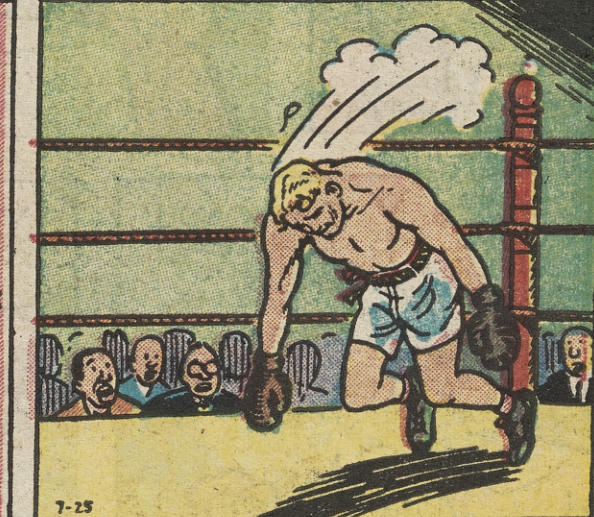

"DYNAMITE WAS NO LONGER
ABLE TO DEFEND HIMSELF.
A SOLID LEFT TO THE RIBS...
AND DUNN WENT DOWN!"

"THE
REFEREE
COUNTED
OVER DUNN
AS THE POOR
FELLA
STRUGGLED
VAINLY
TO GET
ON HIS
FEET!"

"CURLY WAS
GROGGY IN
A NEUTRAL
CORNER --
THE REF
SWUNG HIS
ARM TO POINT
TO THE WINNER
AND CURLY
CRUMPLED
TO THE
CANVAS!!

"CURLY WAS CARRIED TO HIS CORNER --
AND YOU WON'T BELIEVE THIS... BUT DY-
NAMITE WALKED OVER TO HELP REVIVE
THE GUY WHO HAD JUST K.O.'D HIM!"

YOU SHOULD BE
VERY PROUD THAT
YOU MANAGED
CURLY FOR THAT
GREAT FIGHT,
MR. JINKS!

OH! I FORGOT
TO TELL YOU --
I DIDN'T
MANAGE CURLY
THAT NIGHT...

DUNN WAS MY
BEST PAL! I
JUST COULDN'T
WORK AGAINST
HIM SO I WASN'T
IN CURLY'S
CORNER!

WHAT? YOU'VE
WASTED MY TIME,
SIR -- YOU'RE NOT
"THE MAN BEHIND
THE MAN" GOOD
BYE!
